

Acworth Baseball Association - Bronco Division

Post-Season Tournament Rules Updated 2/20/2013

The post-season tournament is a blind draw, double-elimination tournament. The regular season rules will be followed, with the following exceptions/clarifications:

PITCHING The innings pitched count starts new for all players when the tournament begins. A player is allowed to pitch no more than 14 innings for the entire tournament. There is no innings pitch limit per week during the tournament.

Calculating Innings Pitched Every out earned by a pitcher counts as 1/3 of an inning. Additionally, 1/3 inning will be counted if at least one pitch is made towards another batter (or batters) without an out being recorded. For example, if a pitcher gets one out, walks two batters, and is then pulled, 2/3 of an inning is to be counted towards that pitcher. If the second pitcher records the final 2 outs, 2/3 of an inning will be counted towards the second pitcher. It is therefore possible that the innings counted towards pitching may not equal the actual number of defensive innings in a game.

If a pitcher hits two batters in an inning or three batters in a game, he must be replaced. If a pitcher is replaced in a game for reasons listed above or by the coach changing pitchers he will not be able to pitch again for the remainder of that game.

Logging Pitching The official scorekeeper logs innings pitched. BE SURE TO GO UPSTAIRS TO SIGN THE PITCHING LOG AFTER THE GAME. If you fail to sign it, the league director or another board member will sign it for you, making it official.

RUNS SCORED There is no run limit per inning.

IF YOU HAVE ANY QUESTIONS ABOUT THESE RULES, CONTACT YOUR LEAGUE DIRECTOR OR ANOTHER ABA BOARD MEMBER.
